The Trustees, on behalf of the Members of the Club, beg to acknowledge the following donations, received since the publication of the last list, in response to the special appeal in the September "Record": Mrs. J. M. Rogers, £5; Miss S. S. Dutton, 5s.

GRATUITIES TO STAFF.

Members are reminded of Rule 44 which states "No Member or visitor shall in any circumstances give any money or gratuity to any servant of the Club."

There is a Central Fund administered by a Sub-committee of the Executive and distributed to the Staff twice a year, after Christmas and before the Summer Holidays. All donations for this should be sent to the Secretary from whom a receipt will be received, and the name of the donor with the amount of her donation be written on a list in the Hall which is displayed from November to February and again from May to August every year. A special box is kept in the Hall for any visitors who feel they would like to recognise the services of the Staff and a similar box is in the ground floor Cloakroom for any small amount a Member or her guest may wish to give specially. These donations are not, however, acknowledged or listed.

FLOWERS AND AUTUMN FOLIAGE.

The Club is deeply grateful to the many Members who have throughout the year brought armfuls of flowers and leaves from their country gardens, especially to Miss King-Turner from whose grounds lovely bundles of autumn blossom and foliage are constantly arriving.

THE LATE MISS DOROTHY FOX.

Miss K. Dorothy Fox's death at the age of thirty-five came as a great shock to her fellow members, and as a musician she is accounted a great loss to English music. Only a few months ago the musical section of the Club performed one of her works, and sent her a message of sympathy with her that ill-health had prevented her from being present. Miss Fox had been an invalid since the age of seventeen and her career was a triumph of courage over continual illness. In spite of everything she continued to write works of sound musicianship. Her first composition was published by the firm of Augener when she was only eleven years old. Since that other works, mostly chamber music, have been published in France, Germany, and again in London. A couple of years ago one of her compositions was the only modern work performed at a Festival Concert at the Dresden Conservatorium. The publication of further work by her was being considered at the time of her death, and it is hoped that it will appear this winter. Applications have been received since she died to have her music performed at a series of concerts in America, as representative of good modern work.

DEBATING SOCIETY.

The Annual Dinner of the Debating Society at the beginning of its autumn session will be held on Friday, October 26th.

The subject of discussion will be "Slogans" in Ethics, Politics, Art and Life. The following have already accepted the invitation and promised to speak: The Right Rev. The Suffragan Bishop of Barking, Sir Weldon Dalrymple-Champneys. In the chair Miss de Holthoir.
